Raw Love

About us

We are Rob & Lori, a couple of wedding photographers from Costa Rica that fell in love with the little details that love managed to give us. For us, being able to tell stories through our images is to be doing the best job in the world.

As a couple we enjoy to spend our time together, love listening to music and run movie marathons. We also love to go out to the movies, for a nice dinner or have some quality time with our friends. We enjoy outdoors and to breathe fresh air, whenever we have some free time we like to go out and explore some new locations for our shoots.

As photographers we are constantly inspired by the stories that have taken place in our lives. We know that the stories are there, all the beauty and drama of life, all the characters and details are right there for us to capture them through our cameras. We love to make images that reflect how you feel, how you are together, your dynamic, your sense of humor, your hugs and intimacy as a couple, and to go deep into the real you.

We want to get to know you and we want you to feel comfortable, relaxed and confident about our work. When all of this happens we are more than sure that we can accomplish the best work ever.

We would love to meet you and hear your story, so... why not? Let's schedule a meeting and let's hang out while we chill and talk about your wedding day.

Frequent Questions

How would you describe your photography?

We try to keep everything very simple and easy, our photography approach is very documentary with a little bit of a romantic and editorial vibe. During your day we will be capturing every moment as they naturally unfold providing gentle and natural directions to take advantage of the best light.

How many images do you deliver?

It's very difficult to tell an exact number of final images because every wedding or session is different, all our wedding collections and session packages includes a minimum quantity of images, in most cases and depending on the shooting conditions this quantity will be exceeded by a large amount of pictures. As an average you can expect to receive between 100 or even 200 images per hour.

How long will it take to deliver our wedding?

We normally take between 4000 and 6000 images per wedding, from this total we select between 40 to 60 photos to deliver as a preview within the first week after the event, for the rest of the images our average delivery time is between 6 to 8 weeks. Please consider that delivery time may vary a little during high season and it also depends on your shipping location.

Are we going to be able to print our photographs?

Yes, we deliver all HQ images and you have all the rights to use and print them in a non-commercial way at your favorite printing shop.

Do you shoot video?

At this time, we shooting video, but we know some very good local videographers that can work this service for you, don't hesitate to ask.

Frequent Questions

How will you send us the photographs?

For weddings including a Raw Box or USB wooden key we provide standard shipping with no extra cost. We also offer an optional Premium delivery for a small fee, this Premium delivery can be track, includes insurance and the estimated delivery time is less than one week. Besides this we will provide you with a Private Online Gallery for one year, you will be able to share, download and even order prints from the gallery.

Do you charge for travel fees?

For locations within Costa Rica, all our transportation & lodging are included in our prices, in some special cases (for example locations that require special transportation, etc) there may be an additional fee to cover this, please let us know where you plan to do your event so we can let you know if this is the case.

How can we book your services?

In order to book our wedding services and reserve your date we work with a contract and a retainer of 30%, once this is done the remaining balance (70%) will be due two weeks prior to the wedding day.

To be fair with our couples we do not hold any date without the signed contract and the 30% retainer.

For couple sessions or any other services excluding weddings, we work with a 50% retainer and leaving the other 50% due the day we provide the service.

We accept payments via Xoom.com, PayPal, Transferwise and traditional wire transfers.
